VOLUME XXIX NO. 48

SEYMOUR, INDIANA, FRIDAY, FEBRUARY 4, 1910.

PRICE TWO CENTS

## LIGHT FRANCHISE

Presented to New Council Last Night.

Council met in regular session Thursday evening with all the councilmen present.

Minutes of last meeting were read and approved.

Sherman Day submitted a resolution requesting that the county commissioners be given permission to gravel three hundred feet on McDonald street between Poplar and Walnut streets. Councilman Davison said he did not believe the three mile gravel road law, by which McDonald street was to be improved, provided for the improving of existing roads, but only for the construction of new roads. Motion to lay resolution on the table was carried.

The following claims were allowed:

Seymour Mutual Tel. Co.	15
Prisoner.	1 25
Peter Forway.	150 00
Seymour Gas Co.	12 00
Supreme Court costs in dismissing appeal of city of Seymour v. Jordan.	23 90
Copy of franchise.	5 00
Graessle-Mercer Co., printing.	22 00
Seymour REPUBLICAN, printing.	8 19
J. M. Hamer, coal.	77 16
A. D. Shields, coal.	4 80
W. C. Bevins, fixtures.	3 65
Pressie Morrison, hay.	44 59
Volunteer fireman.	3 00
Isaac Burrell, (St. Com'r.).	26 25
Ira McConnell, labor.	16 50
Henry Alfie, labor.	6 00
William Aufenberg.	15 15

Upon motion of Sherman Day, the fire chief was given permission to purchase supplies needed.

The official bond of Patrick J. Welsh, night policeman was accepted and filed.

By communication Ewing Shields inquired if city desired to renew contract for dumping ground. It seemed to be the opinion of most of the councilmen that it would not be necessary to renew the contract.

A request signed by representatives of the Canton Seymour, N. R. K. of P. and Modern Woodmen, was read asking for the use of the city park on July 4-5-6 for a jubilee. Request was referred to board of public safety.

E. B. Douglass presented two plats which he had prepared sometime ago. Accepted and filed by consent.

Engineer also given permission to purchase supplies.

W. R. Day reported that complaint had been made to him about the condition of a side walk on S. Walnut street which had been repaired with cinders. Referred to street commissioner.

Davison said that garbage ordinance had been printed as ordered and moved that street commissioner and police force distribute them as soon as possible. Carried.

Marshall was instructed to notify the Old Telephone Company that a pole on Blish street between Fourth and Fifth should be repaired or removed.

In pursuance with the ordinance and resolution the bids for the removal of garbage and ashes were opened. The bids were as follows:

Geo. W. McDonald	\$1734 00
G. H. Hercamp	1597 00
Cryus L. D. Wilson	1347 00
Samuel Emmons	948 00
Henry Frazee	900 00

Submitted to Board of Public Safety without discussion.

Councilman Davison submitted a franchise from Willard C. Bevins, Frank R. Grover and Edward J. Condon, for the construction of a gas and

electric light company. The franchise was very similar to the one formerly presented by the same people and was for a period of twenty years.

The franchise made the usual provisions for the placing of wires and poles, so as not to injure property. The grantees agreed to furnish light free to the city building to a specified amount.

The rates as read are somewhat lower than provided in former franchise. Provisions were made for nightly service for commercial arcs until 11 o'clock at \$3 per month or by meter, as desired by user.

A discount may be had if bills are paid before the 10th of each month. The rate and discounts are as follows:

Amt. used	Rate K.W.	Disc. K.W.	NetRate
0-20	12c	1/2 per cent.	11 1/2c
20-60	12c	2 per cent.	10c
60-100	12c	3 per cent.	9c
100-1000	12c	4 per cent.	8c
1000-over	12c	5 per cent.	7c

Amt. used	Rate K.W.	Disc. K.W.	NetRate
100-300	10c	2 per cent.	8c
300-500	10c	3 per cent.	7c
500-1000	10c	4 per cent.	6c
1000-3000	10c	5 per cent.	5c
3000-over	10c	5 1/2 per cent.	4 1/2c

When meter is used on one horse power of less capacity, the regular rate is same as the lighting rates.

The franchise provided that the grantees should have the right to acquire the old plant. The council as a board of public works will meet with Mr. Condon this evening for further discussion on the franchise.

Engineer Douglass stated that he had the blue print plans prepared necessary for the light contract and would submit the same tonight.

The management of the opera house has secured for Feb. 8 the Johnson-Ketchel light pictures that have been shown in the large cities. At Indianapolis the Orpheum theatre is running it all week.

### Remodeling Store Room.

The Thomas Clothing Company is making some extensive improvements in their store room on N. Chestnut street, and when completed the store will be one of the best arranged clothing and furnishing stores in Southern Indiana. They have built a large case in the center of the room, which is constructed as a hat case. The shelving on the north side of the room has been taken down and fourteen sections of cases for clothing will be placed along the wall. The rearrangement of the store room will permit their increasing trade to be handled with greater promptitude, and their lines of goods can be exhibited to a better advantage.

### Receive Vouchers.

The pensioners in this city received their vouchers this morning and are having them prepared in accordance to law. The vouchers properly signed will be sent to Indianapolis, and the warrants or checks will be returned in a short time. There are quite a number of persons in this city and county who are on the pension list and hundreds of dollars are brought into the county each quarter through the pension department.

### Commissioners Meet.

The county Commissioners will meet Monday at Brownstown. There are several matters of importance which will be considered by the commissioners at this session.

## PETITION

Circulated For Gravel Road in Jackson Township.

It is understood that a petition has been prepared and will be presented to the county commissioners Monday, asking for the construction of a new gravel road beginning at the Yankee road south of the city, proceeding north on Walnut street to McDonald street and from thence west to Poplar street. The petition has been signed by fifty or more voters, requesting that the road be built according to the provisions of the three mile gravel road law.

One interesting question which may arise in connection with the building of the highway is whether a gravel road already improved can be rebuilt under the provisions of the three mile law. It is contended by some who have studied the statute that only new roads can be constructed under this law and no provision is made for repairing or rebuilding existing roads. The highway which the petitioners asked to be improved, was graveled about fifteen years ago and is now an improved road. The road, however, needs repair and that is the reason the petition will be filed.

Another peculiarity about the road is that the county controls all but three hundred feet of the highway to be repaired. It is said a statute has been lately enacted, covering such cases, and which provides that when the road to be improved is controlled by both the city and county, the city shall be liable for no costs whatever, except when the cost per mile of constructing the part of the road controlled by the city, is in excess to the cost of constructing the same distance of the portion controlled by the county, and in that case, the city is liable only for such excess amount. In the construction of this road it is hardly probable that the cost of constructing the three hundred feet within the city limits would be in excess to the cost of building a like distance by the county, and there would, therefore, be no additional cost upon the city.

The law under which the petitioners desire the road built, known as the three mile law, was the center of much attention some time ago, because it was declared unconstitutional and later upon rehearing, the former decision of the court was reversed and the law was held valid. The petition will probably be presented Monday when the board of county commissioners meet in regular session.

**Be sure and attend the demonstration tomorrow at Brand's grocery.**

## To Test Validity of Order.

The validity of the act of the Legislature creating the Railroad Commission of Indiana is attacked in a suit filed in the Federal Court Thursday by the Baltimore & Ohio Railroad Company against the commission, in which it seeks to enjoin the enforcement of a recent order requiring the road to equip its engines with 1,500-candle-power headlights. The commission's order was issued on Jan. 6 last and the suit attacks the practicability of it because the use of headlights such as is recommended by the commission would place the engineers in danger of misreading signal lights along the road.

The railroad contends that its business is largely of an interstate nature and therefore the Congress of the United States is the only body which has the right to regulate such matters. The brilliancy of the 1,500-candle-power light, the petitioner relates, causes the blinding of the engineers, which frequently results in accidents.

### To Prepare Bill.

A bill will probably be introduced in the next Indiana Legislature that will give the women of the state the right to vote for members of the board of school commissioners. The bill is to be prepared by the Indiana State Federation of Clubs, and according to Mrs. Grace Julian Clarke, president of the federation, the bill is already in the process of making and a member of the Legislature has promised to introduce it at the next session.

## The Sunday School Lesson.

The exposition of the Sunday School lesson will appear hereafter on Friday instead of Saturday in the Republican. This is done for the benefit of subscribers who live in the rural routes and do not receive the Saturday paper until Monday morning. These lesson expositions have been favorably received by many of our Sunday School workers and the change will give them an entire day to study the suggestions in this column.

### Battalion To Banquet.

The Seymour Battalion will have a banquet this evening in the K. of P. Hall from 8:00 till 11:00 o'clock which each member of the Uniform Rank, Uniform Foresters and the Canton have been invited to attend. The invitations include about eighty-five persons, most of whom will be present. It is the first time the battalion has ever had anything in way of a social and a good time is anticipated. Those in charge are arranging for a good time generally.

### Reception And Dinner.

Mr. and Mrs. Philip Becker entertained a number of their relatives and friends at their home on South Walnut Street Sunday January 30, which a reception in celebration of their fifteenth wedding anniversary. At six o'clock an excellent three course dinner was served. Mr. and Mrs. Becker received several handsome presents. Among the out of town guests were: Mr. and Mrs. Adolph Becker of Jolietville.

### Canning Factory.

The Seymour canning factory was started again this week after being shut down about two weeks. They are working on hominy at the present time and are doing a large business along this line. This company is a good business concern and gives employment to a large number of people from Seymour and vicinity.

### Traction Talk.

It is reported that the interurban line which is to be built from Scottsburg to Madison is to be under the management of the Indianapolis and Louisville Traction Company. It is said that work on the construction of the road is to begin in the early spring.

### Funeral.

The funeral of Mrs. Jennie Baughman occurred at the residence on E. Second street Thursday afternoon at two o'clock conducted by the Rev. James Omelvena.

### Card of Thanks.

We desire to express our thanks to our friends for their sympathy and kindness during the sickness, death and burial of our wife and daughter, Mrs. Edward Yott.

THE FAMILY.

### Pythian Sisters.

There will be no meeting of drill team Friday night.

## BUY BIG STORE

Gold Mine People Now Have Branch Store in Michigan.

N. Kaufman has just returned from Alpena, Michigan, where he and his business associates have purchased the largest store in that city. Simon Strauss, formerly of this city, will have personal charge of the store there. Alpena is a city of about 17,000 population and has large lumber interests, paper and spool factories, tanneries, cement works and other interests. The store purchased is a department store and handles dry goods, notions, clothing, hardware, shoes, groceries, etc. Commenting on the sale of the store the Alpena News says:

"The deal providing for the transfer of the Greenbaum 'Big Store' is about completed. The papers for the formal transfer are being signed this afternoon and the new concern will take possession tomorrow morning."

"The inventory of S. A. Greenbaum has been accepted and the store will not be closed. The business will be conducted without a hitch, just as though one of the largest retail transfers in recent years had not been consummated."

"The members of the new firm are Simon Strauss, A. Strauss, N. Kaufman, N. Speier and E. W. Rainey. They already operate a string of stores in Indianapolis, Seymour, Bedford and Terre Haute, Ind. Messrs. S. Strauss and Rainey will make Alpena their headquarters. The new concern will step into a well established and prosperous business. Mr. Greenbaum retires from active business with the best wishes of his friends and patrons. The firm name of the new concern has not been decided on. All the old employees will be retained under the new deal."

### Harry Feadler Improving.

Harry Feadler was able to leave the hospital this morning but will not be out yet for some time. It will be necessary for him to return to the hospital frequently for treatment. His progress has been very satisfactory.

## FOR YOUR HAIR

**Here Are Facts We Want You to Prove at Our Risk.**

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course it is understood that in none of these cases were the hair roots dead nor had the scalp taken on a glazed, shiny appearance.

When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth.

When Rexall "93" Hair Tonic will do as above stated, it is not strange that we have such great faith in it and that we claim it will prevent baldness when used in time. It acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed and will not gum nor permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair and in every way give entire satisfaction, simply come back and tell us and without question or formality we will hand back to you every penny you paid us for it.

We lend our endorsement to Rexall "93" Hair Tonic and sell it on this guarantee, because we believe it is the best hair tonic ever discovered. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store, -The Rexall Store. The Andrews-Schwenk Drug Co.

## Concrete Water Barrels.

Concrete is displacing the barrel as a protection for springs on the farm. It never rots, it protects the spring, and keeps the water free from surface impurities.

A young farmer recently invented an ingenious device for making concrete water barrels. He took two wooden barrels of different sizes, knocked the heads out of both, put the smaller inside the larger, and filled the space between them with concrete, and a concrete barrel was the result.

This would be a good thing to show at the Chicago Cement Show, which is to be given in the Coliseum, February 18-26, 1910, for if it could be put before truck gardeners, and others using small stationary water supplies, it would probably assist them materially.

## Would Use More Flour.

Wm. E. Castle, president of the Millers National Federation in speaking of the high prices says that if the housekeepers will buy more flour the question of the advanced cost of living will soon be settled. He quotes from United States Government tests which show that the amount of energy secured in ten cents' worth of flour is twenty times that in ten cents' worth of eggs and besides wheat flour contains all the elements of food that the human system requires, and in the proper proportions for its best development. The circular says that one pound of flour costing 2 1/2 to 3 cents will go as far as two pounds of meat costing from 15 to 20 cents per pound.

## First M. E. Church.

The evangelist preached a very impressive sermon from Heb. 3-15, "While it is said, Today if ye will hear his voice, harden not your hearts, as in the provocation." There were three conversions yesterday. The attendance and interest continues good. Conversions at almost every service. Services this evening at 7:30 o'clock. No services Saturday. The evangelist will close his work here Sunday night. Come to the service this evening. Arrange to attend all the services Sunday. A jubilee service will be held Sunday evening. Don't miss it. We expect Sunday to be a great day in the church.

## SUNDAY SCHOOL LESSON

FEBRUARY 6, 1910

ALMSGIVING AND PRAYER. Matt. 6: 1-15.

GOLDEN TEXT:—Take heed that ye do not your righteousness before men to be seen of them.—Matt. 6: 1-15.

The kingdom that will surely come in God's own time and way will be a kingdom of righteousness and peace. The Lord Jesus Christ and His saints shall be the heavenly rulers (Zech. xiv. 5, 9; Rev. v. 9, 10), and Israel, a righteous nation, the earthly center, bringing blessing to all the earth (Isa. lx. 21; lxii. 1, 2, 6, 7). In order to enter the kingdom one must have the righteousness described in the last lesson—not our own by any deeds of the law, but that which is through the faith of Christ, the righteousness which is of God by faith (Phil. iii. 9). If this righteousness is truly ours it will be manifest in our lives to the glory of God, and the whole life will be simply and only and always a desire for God's approval. Thus the light will shine before men and God will be glorified. According to the scribes and Pharisees, righteousness consisted of giving and prayer and fasting, but it was all to obtain honor from men (Matt. xxiii. 5); it was not from the heart unto the Lord. In the lesson today our Lord takes these three things and teaches that those who seek the praise of men may get honor from men, but that is all they ever will get. The truly righteous will do their righteousness (verse 1, margin and R. V.) unto the Lord, with the one desire of pleasing Him, and concerning such Jesus said three times, "Thy Father who seeth in secret shall reward thee openly" (verses 4, 6, 18). The world's favor is to many a great snare, but the motto of the truly righteous is, "Not as pleasing men but God who trieth our hearts." "Not with eye service as men pleasers, but as the servants of Christ, doing the will of God from the heart" (1 Thess. ii. 4; Eph. vi. 6). The words of our Lord in John vi. 57, seem to me to cover all this teaching, "As the living Father hath sent me, and I live by the Father, so he that eateth me, even he shall live by me." Those who have taken the trouble to note how often in the book of Leviticus, the book of worship, the expressions "unto the Lord" and "before the Lord" are used and will lay this to heart will surely be delivered from the snare of the devil against which the Lord here warns us.

In reference to giving we have the contrast between the rich who cast into the treasury of their abundance and the poor widow who, perhaps with some secrecy, cast in her two mites, but of which our Lord made such honorable mention. The being rewarded openly is referred to on another occasion by our Lord when He urged that we should do good to those who cannot recompense us here, reminding us

of a recompense at the resurrection of the just (Luke xiv. 14). A contrast in prayer is seen in the Pharisee and publican of Luke xviii. The contrast between fasting before men and before God is set forth fully in Isa. lviii. 1-8. Let the world go its way and let God be true, but if we have become children of the only living and true God let us in all things honor our Father who is in heaven and learn to pray from the heart the prayer that is here taught us by our Lord, the only model of prayer which Christ has given us, and as one has said, the epitome of all prayer, for there is nothing that we can ask for that is not included in this. This is truly the believer's prayer, for only such can say from the heart "Our Father." All others had better take heed quickly to our Lord's estimate of them in John viii. 44. Between "Our Father" and "Thine is the kingdom" there are just seven petitions, divided, as nearly all sevens are, into three and four. The first three refer to God, Thy name, Thy kingdom, Thy will; the last four refer to us, give us, forgive us, lead us not, deliver us. God must be always first. Nothing is right till we are right with Him.

It must be "Glory to God in the highest" before there can be peace on earth. When His name is hallowed by all then the kingdom shall have come and His will be done on earth as in heaven. We must never forget our daily dependence upon Him and our indebtedness to Him, remembering that we are in a world lying in the wicked one whom we must resist and pray to be delivered from. It is a tremendous fact that our adversary, the devil, goeth about seeking whom he may devour (1 Pet. v. 8, 9), and there is no greater evidence of this than the multitudes who have been led to believe that there is no devil, that such a creature does not exist. The closing words are found fully in 1 Chron. xxix. 11, in the prayer of David, and when the kingdom shall have come David's people shall be found in their own land, all righteous, and David's son shall be seen on David's throne, according to Luke i. 30-33. The kingdom for which we pray, the Father's kingdom, is spoken of in 1 Cor. xv. 24-28, as being the sequel to Jesus reigning till He hath put all enemies under His feet, the kingdom that shall follow the millennial reign. Our being accepted by God in Christ and obtaining in Him by His blood the forgiveness of sins do not depend upon our forgiveness of others. But as children of God, redeemed by precious blood, we must forgive as we have been forgiven if we would have His constant forgiveness.

## A Fashion Chat on Boys' Attire.

Furnished by Pictorial Review  
853 Broadway, New York City.

Changes in boy's attire are not so noticeable as are those in the garments of his small sister. Even if they were, most mothers would choose the plainer, simpler modes.

For top coats, kersey, covert and heavy diagonal, either of plain or fancy weave are best. Mixtures in the woolen weaves are always practical and rough weaves of all kinds are exceptionally good this season.

For their suits, plain and fancy chevrot, invisible and shadow striped serge, broadcloth and plain serge are appropriate as well as many of the suitings designed for women's wear.

Galateas, rep, percale, linen and regular shirtings make the best waists, although some of the pretty wash flannels are nice for certain occasions.

The small boy wears collars of various kinds. Straight narrow bands are preferred for the very little fellow, although turnover styles are also worn, especially when the collar is liked by some, but occasionally. The standing collar with the tab ends is the upright turnover. Ties are of string or bow persuasion. Windsor, as well as ascot styles are much favored but the former takes the lead.

The typical boy prefers a cap for head-covering because he can drop it down, here, there or anywhere without injury. As a consequence they are always popular, their practicality rendering them indispensable. Soft felts, too, are regarded with favor, some very nice shapes being featured for the present season. Many of these are rolled in the same manner as the straw shapes of the summer. These rolling side-brims lend an air of jaunty and boyishness that is particularly attractive. Beavers and patent leather hats are used for best wear while derbys are featured for the older boys.

For the small boy, PICTORIAL REVIEW PATTERN No. 3058 presents pleasing features, one of which is the deep collar. This is about the only form of decoration to be seen on boys' suits, with the exception of braiding and emblems. The side-front closing is also attractive, while the tucked sleeves are often preferred to cuffs. The included in the pattern which is in sizes 2, 4 and 6 years. Size 4 years requires 5 1/2 yards of 27 inch material with six yards of soutache.

PICTORIAL REVIEW PATTERN No. 3187 shows a boy's sailor suit which consists of a blouse with a shield, sailor collar and plaited sleeves and knickerbocker trousers with fly closing. Patterns in sizes 6, 8, 10 and 12 years. Size 8 years requires 3 yards of 40 inch material with 1/2 yard of 18-inch contrasting material for collar.

Dark blue is the favorite color for boys' suits. There is something in its tone that reminds them of soldiers and sailors and the little man is in his glory when he can wear a suit of blue of sailor tendency.

Dark brown and garnet trimmed with white braid is also quite popular, while black combined with red or white is very effective.

English tweed made the boy's coat shown in PICTORIAL REVIEW PATTERN No. 3219. It is a double-breasted model that may be made with a deep sailor or a regulation notched collar. Patterns are in sizes 4, 6, 8 and 10 years. Size 4 years requires 2 1/2 yards of 45 inch material. Coats of this character are well liked by boys. The style is particularly attractive because of its simplicity. The pockets, too, are practical and the delight of the wearer. The older boy will undoubtedly like the notched collar. Manish fabrics are best for all boys' coats. Heavy tweeds, serges and worsteds are the most popular. Mixtures are shown in many of the new materials and are excellent for boys' clothes.

Patterns of the above illustrations, including cutting and construction guides are 15 cents each number.

## THE EDITOR'S REPLY.

It Got to the Wrong Man, Who Reported the Result.

"A temperance lecturer once came to Virginia City," said Mark Twain, "and in his lecture he cited the case of a young Nevadaian who had died from the effects of a half pint of brandy. 'The case was a well known one, but it had been a pint of whisky, not a half pint of brandy, that had killed the youth, and consequently I as 'Answers to Correspondents' man on the Enterprise wasn't astonished when I got this letter the day after the lecture:

"To settle a bet please state in your valuable paper whether the young man referred to in last night's temperance lecture drank half pint of brandy or a pint of whisky. Constant Reader."

"My reply to this was: 'Constant Reader.—A pint of whisky.'

"The reply appeared, as was our rule, the week after its receipt, but meanwhile a schoolteacher had written in for a cold cure. The schoolteacher, too, had adopted the signature of 'Constant Reader,' and he mistook our other correspondent's answer for his own. Luckily, though, he had a good constitution, and the next day he wrote in to us:

"Dear Editor.—Thanks for valuable cure. It worked splendidly. The cold is completely gone now, and nothing remains but a bad headache from the pint of whisky. Constant Reader."

## FRUITLESS CONFERENCE

Engineers and Railway Officials Break Off Wage Negotiations.

Chicago, Feb. 3.—Over three-quarters of the entire railroad mileage of the United States is affected by the breaking off the wage negotiations between the Brotherhood of Firemen and Engineers and the general managers' committee representing fifty-one railroads.

Conferences which were begun Dec. 27 between the firemen and officials were brought to a close following a strenuous meeting, when it was decided by both parties that nothing could be accomplished by further negotiations. Chairman Nixon, general manager of the Frisco lines, as a last resort offered to submit the whole matter to arbitration. Hope had been expressed by officials on both sides that the entire wage controversy might be amicably settled without recourse to government assistance by means of the federal law, known as the Erdman act. It was apparent, however, several days ago that nothing was being accomplished by the daily conferences.

The railroads offer to accept arbitration, now leaving the situation in the hands of the 33,000 men affected. President Carter and his associates have left Chicago for their respective headquarters.

## DUDLEYTOWN.

Mr. and Mrs. Louis Goecker, of Iowa, are visiting relatives.

Henry Toppe has moved into the E. Krumme house, where he will occupy two rooms for a month or two.

The carpenters are getting along rapidly with Mrs. Bertha Bobb's barn. Ed and Harry Miller have made some improvements at their mill since the first of the year.

## A Wise Precaution.

Not long ago some men had occasion to organize a corporation and, desiring to avoid the cost of a lawyer's services, they drew up their own articles of agreement. Among the provisions was the following: "The annual meeting of the company shall be held on the second Saturday of July in each and every year, except when the same falls on a Sunday or a holiday."—Law Notes.

## SPRAYTOWN.

Mr. and Mrs. John Weekly visited at Oscar Denny's Sunday.

Mrs. James O. Scott and daughter, Blanche, made a business trip to Brownstown last week.

Mr. and Mrs. A. Graf and daughter, Minnie, and Mr. and Mrs. Henry Kern visited in the family of Charles Gar Sunday.

Ben Dover, of Columbus, called on his friend, Miss Alice Huber Saturday and Sunday.

Miss Katherine Mitchell, of Valonia, called on Miss May Long Saturday and Sunday.

Mrs. Fred Long is not so well.

We were sorry to hear of the death of Rev. Jacob White.

John Anderson, of Mt. Healthy, was here Saturday and Sunday.

Mrs. Mary Weekly called on Mrs. J. O. Scott Sunday.

Mrs. Will Judd, of Longview, visited in the family of James Judd Sunday.

Rev. J. W. Weekly, of Columbus, is expected here to help in the meeting a part of this week.

Mrs. Chas. Weekly, who has been visiting her parents near Jonesville, returned home Friday. Her brother is very sick.

Miss Flossie Rutan, who has been working near Honeytown, came home Saturday.

D. P. Weekly, while returning home from Brownstown Saturday evening, drove off of the bridge at Freetown. The buggy was turned over and broken. No one was injured.

The meeting that is in progress at this place is increasing in interest and the crowds are getting larger and people are hearing the Truth.

Quarterly meeting Wednesday and Thursday. Dr. Hyde is to be with us part of this week.

Several from this place attended the funeral of Rev. Jacob White at White's Chapel.

## MANY MINERS KILLED

Disaster in Kentucky Coal Mine Claimed More Than Thirty Victims.

Drakesboro, Ky., Feb. 3.—Thirty-three miners are known to have been killed, two are missing and fifteen are injured as the result of the explosion in the Browder coal mine near here. There were 100 men in the two wings of the mine at the time of the explosion, but the fifty in the west wing were uninjured and escaped. Those in the east wing felt the full force of the explosion. One or two of the injured are in a critical condition. Of the dead about half were whites, all Americans, and the rest negroes.

Pete Kelly, mine foreman, is among the missing. Thirty-three bodies have been brought to the surface.

As a result of the disaster all of the mines in the vicinity closed down, the men offering their services in rescue work.

The explosion is believed to have been caused by a miner's lamp igniting gas in an unused room. The force of the explosion was apparently sufficient to cause instant death to all the men in the eastern wing where it occurred. Cars and heavy timbers were blown about like kindling wood.

## TO AVERT EPIDEMIC

Tons of Disinfectants Being Distributed Throughout Paris.

Paris, Feb. 3.—The floods continue to subside. Communication are being restored on all sides within the city, although much still remains to be done. Except for the distribution of food the distress in the suburbs is still unrelieved. The water there is still deep in the houses and factories. Work cannot be obtained. The greatest energy is being shown by the health department with the view to forestalling an epidemic. Many tons of disinfectants have been distributed already, and the work continues ceaselessly.

## THERE WILL BE NO TARIFF WAR

Germany and Uncle Sam Get Together.

### WE HAVE 'THE BETTER OF IT

At Least This Is the Conclusion Held at the State Department, Where It Is Maintained That Secretary Knox Has Won a Diplomatic Triumph Over the Kaiser's Government—Negotiations Which Have Been Pending For Several Months Concluded Satisfactorily to Both Governments.

Washington, Feb. 4.—A tariff war will be averted. The tariff negotiations between the United States and Germany, which have been pending for several months, have been concluded satisfactorily to both governments. The United States will obtain not only the German minimum rates now enjoyed under the special agreement which will expire on Feb. 7 next but will also receive the benefit of all the minimum rates of the German tariffs. In return Germany will receive the minimum tariff rates of the Payne-Adrich tariff act after March 31 next, when the maximum and minimum features of the American law will become operative. Incidentally the successful outcome of the present negotiations is a diplomatic triumph for Secretary of State Knox. The fact that a tariff war has been averted is especially gratifying to the officers of the state and treasury departments because of the fact that in the calendar year just ended the direct interchange of commodities between the United States and Germany exceeded \$400,000,000. Allowing for importations into Germany through other countries, the volume of trade between the countries is estimated at about \$500,000,000. By the terms of the agreement which has been in force since 1907, Germany extended to the United States its conventional or lowest rates on about 100 out of nearly 1,000 tariff numbers. These 100 numbers covered a large percentage in value of the actual imports from the United States, but left many important commodities of American manufacture at a disadvantage in competition with similar products from other countries. This agreement will expire on Feb. 7. An agreement which will be possible for the German government with the co-operation of the imperial parliament to avoid any interruption of trade and at the same time extend to the United States not only the rates now enjoyed, but the entire remaining schedule of minimum rates now accorded other countries.

### Peary Makes Some Side Money.

New York, Feb. 4.—Meteorites that were brought from the Arctic by Commander Peary when he returned from his trip to the north pole have been purchased by the American Museum of Natural History. The price paid, it was learned from a reliable source, was in the neighborhood of \$40,000.

### The Auld Hearing Ended.

Boston, Feb. 4.—Final arguments were made before the court martial hearing the charges against Paymaster George P. Auld, U. S. N., in the Cowies case. Then court went into executive session to make up a verdict, which will be sealed and forwarded to the secretary of the navy.

### European Hair Schools.

In Berlin, Paris, Vienna and other European cities there are now regular schools where the scientific care of the hair is made a special study and the teachers in these schools become so skilled in the knowledge of hair that they can tell merely by the touch whether it is in a healthy condition or not. They also know the effects of different tonics on different hair or different restoratives on the same hair. It is thoroughly established that dyes are harmful to the hair. All preparations claiming to restore gray hair are subjected to the most rigid tests. If found in the least degree harmful the public is informed through official bulletins issued from time to time. In America there is no such censorship, and many preparations claiming to restore gray hair are only temporary dyes that do not go to the root of the trouble, which is impoverishment of the hair glands. HAY'S HAIR HEALTH in this country is recognized as the standard restorative for prematurely gray hair. All good druggists sell it at 50c. and a dollar per bottle, or it can be purchased from the manufacturer, Philo Specialties Co., Newark, N. J., U. S. A. C. W. Milhous and A. J. Pellens.

### MONUMENT TO GOEBEL

Kentucky Legislature Adjourns For the Unveiling at Frankfort.

Frankfort, Ky., Feb. 4.—The tenth anniversary of the death of William Goebel, who was the central figure in one of the most stirring chapters in the latter days of Kentucky's history, was observed Thursday by the unveiling of a marble and bronze monument to the short-lived governor, above his grave, in the state cemetery here. Coincident with the ceremonial of unveiling, the body of his brother, Arthur Goebel, who devoted his life after the assassination to an effort to convict the men he believed guilty of the murder and died just after his work had come to naught, was laid to rest beside that of his brother.

The Kentucky general assembly adjourned as a mark of respect, and attended the dual exercises in a body. A great throng gathered around the monument, all evidences of the partisan strife connected with the "Goebel troubles" being noticeably absent.

### PRETTY GIRLS SING

One of the Incidents of Local Option Battle in Missouri.

Carthage, Mo., Feb. 4.—The dyes carried every city and township in this (Jasper) county that voted on local option yesterday, leaving Joplin the only wet city in this mining district. The weather was bitter cold, nevertheless 2,000 women worked at the polls here. School children, dismissed at noon, paraded, while pretty girls formed in circles in the streets and sang for temperance and served coffee. All church bells tolled hourly, while the Methodists held prayer meetings. The saloon men of Joplin, which town recently went wet, invaded Carthage with sarcastic banners reading: "Vote Carthage dry for a greater Joplin."

### Experts at Work.

Greenfield, Ind., Feb. 4.—The safe in the Spot Cash department store in this city was opened and \$42 in cash and all the valuable papers it contained were taken. It is supposed that experts did the work, as the safe was locked with the night combination. This is the third robbery in this city within two weeks.

Deadly Quarrel Between Miners. Herrin, Ill., Feb. 4.—James Calderwood and Ross Ellsworth, miners, employed at the W. P. Rend colliery north of this city, quarreled and Calderwood shot and instantly killed Ellsworth.

## ILLINOIS MAY LOSE ITS SEAT

Miners From That State May Be Barred From Conference.

### THE OPERATORS NOT PRESENT

Inasmuch as the Operators of the Illinois Mines Are Not Present at the Joint Conference Being Held at Toledo, the Convention Is Hopelessly Deadlocked on the Question of Allowing the Miners a Seat in the Conference—In His Address President Lewis Spoke Encouragingly of the Operators' Side of the Coal Industry.

Toledo, O., Feb. 4.—The joint scale conference of the miners and operators of the central competitive field, comprising western Pennsylvania, Indiana, Ohio and Illinois, met yesterday afternoon. President Lewis of the miners was chosen temporary chairman. After the appointment of committees on credentials and rules and order of business, President Lewis introduced Mayor Whitlock, who welcomed the delegates to the city.

In his response President Lewis spoke encouragingly of the operators' side of the coal industry. He said the operators had to fight the railroads and legislators, and that he hoped for the day when the operators would say to the railroads that they must pay a fair price for the coal they use, so the operators could pay the miners more money and properly safeguard their hazardous occupation.

The credentials committee is hopelessly deadlocked on the question as to whether to allow the Illinois miners a seat in the conference, inasmuch as the Illinois operators are not here.

### Must Be a State Affair.

Springfield, Ill., Feb. 4.—Illinois coal operators have notified officials of the Illinois Mine Workers' union that they would not enter the interstate wage conference at Toledo to arrange a wage scale to apply to the central competitive district. They announced that the scale of wages for Illinois must be settled by the Illinois miners and Illinois operators, irrespective of interstate agreements.

Costly Blaze at Evansville Caused by Demented Teamster.

Evansville, Ind., Feb. 4.—John Byers, a wagon driver, has made a confession to Chief of Detectives Puss Ossenberg that he had set fire to the office of the Evansville Journal-News last week. The fire practically destroyed the newspaper plant.

Byers is thought to be demented and has a mania to "see the horses run." He also confessed that he had started a number of other Main street fires during the last few weeks.

### The Indianapolis Sun Sold.

Indianapolis, Feb. 4.—Rudolph G. Leeds, owner of the Richmond Palladium, has purchased all the stock of the Sun Publishing company, and becomes sole owner of the property. Sees Many Improvements.

Marquis D. Harding, of Madison, a cousin of S. V. Harding, has been in the city since yesterday. He came over to Leesville last week after an automobile (and the machine broke down at Vallonia. He is here now waiting for some repairs to arrive from Indianapolis. Mr. Harding was at one time employed as a brakeman on the old O. & M. Railway and had made only a few trips when the strike came in 1876. He sees many changes in Seymour and its business concerns since that time and the city, which was then only twenty-four years old, has perhaps more than doubled in population. He can recall many interesting incidents of that period and was glad to have the opportunity of spending a day or two here again after an absence of more than thirty-three years. He is now the proprietor of an automobile garage and repair shop at Madison and owns a farm a few miles out of the city. While here he was attracted by the samples of Jackson county corn in the show window at this office and made inquiry about good seed corn to send back to his farm.

More Heavy Rains in Paris.

### RAILROAD RUMBLINGS.

The Baltimore & Ohio Southwestern has inaugurated a fast freight service for fruits, vegetables, live stocks, perishable property and other high class merchandise from St. Louis, Cincinnati and Louisville to Baltimore, Philadelphia, New York, Boston and other Eastern points.

The order of the Indiana State Railroad Commission, which requires all railways in the state to have their locomotives equipped with headlights of fifteen hundred candle power has been taken as indicating that electric headlights would be required. The order does not specify what kind of lights shall be used. Acetylene headlights are already in use on some of the railways of Indiana, the Indianapolis Southern being of the number, and which has just given orders for additional acetylene lights, and other roads have under contemplation ordering similar lights.

14,211 passenger trains arrived and departed from the Indianapolis Traction Terminal Station during the month of January, or an average of 459 passenger trains daily. This is an increase of more than 700 trains over the month of January last year, or more than 22 trains each day. The biggest increase on any one road was that of the Indianapolis, Columbus & Southern, which runs from Indianapolis to this city.

Engineer Frank Walls and R. J. Conley continue to improve from the effect of their injuries in the Tunnelton wreck. Both have been removed to their homes several days ago but return to the city hospital frequently for treatment.

George H. Squiggins has been appointed assistant general passenger agent of the Baltimore & Ohio road and E. A. Walton has been appointed district passenger agent at Baltimore vice Squiggins, promoted.

### Changes on S. I.

Charles L. Wilson, of Terre Haute, who has been trainmaster on the Southern Indiana for the past three years, has been transferred to a regular passenger run and will be conductor on trains 1 and 4, the train which arrives here from Terre Haute at 10:07 a. m. and departs for Terre Haute at 12:20. This run has been in charge of Conductor James P. Huffman for some time and he will be transferred to trains No. 3 and 6, which arrive here at 3:35 p. m. and depart at 5:30. This change is made as a result of the trainmaster's office being abolished. It is not announced when the change of conductors will become effective. Mr. Wilson is at present going over this division of the road with W. H. Powley making him acquainted with the business along the line. Mr. Powley became assistant superintendent of the road on February 1st, a position which has just been created. He is an experienced railroad man and has been in the employ of the Southern Indiana Railroad Company for several years. Mr. Wilson and Mr. Hoffman are two of the most popular conductors along the line.

### St. Elmo Tonight.

The Harvey Stock Company staged "Two Married Men" last night and succeeded in keeping the audience in one big laugh. Tonight the company will produce "St. Elmo" and a big house is assured. It is believed that the house will be crowded tonight as the advance sale of seats has been large. The management announces that the complimentary list will be suspended tonight.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

# S.S.S. CURES CHRONIC ULCERS

There is nothing that causes more worry and discomfort than a chronic, festering ulcer. As it lingers, slowly eating into the tissues and surrounding flesh, and by its tendency to grow worse in every way, it suggests the possibility of being cancerous in its nature. Efforts to heal the ulcer by means of salves, washes, lotions, etc., always result in failure, because such treatment can have no possible effect on the blood where the impurities and morbid matters form, and are carried through the circulation to the place, to keep it open, irritated and diseased. The impurities in the blood must be removed before the healing process can begin. S.S.S. goes to the fountain-head of the trouble, and drives out the germ-producing poisons and morbid impurities which keep the ulcer open. Then as this rich, purified blood is carried to the diseased place the healing commences, the inflammation gradually leaves, the discharge ceases, new tissue and healthy flesh are formed, and soon the sore is permanently cured because the source has been destroyed. S.S.S. does not make a surface cure, but by supplying the blood with healthful, tissue-building properties it begins at the bottom and causes the flesh at the diseased spot to firmly and permanently knit together, and the place is left sound and well. Book on Sores and Ulcers and any medical advice free to all who write.

## Seeks Anty Drudge's Advice.

Mrs. Neighbor—"Won't you please tell me, Anty Drudge, how you keep your curtains so snowy white? Mine are supposed to be white though I suppose you think like everybody else that they're ecru."

Anty Drudge—"Why, certainly, Mrs. Neighbor. It's the easiest thing in the world. I wash them myself with Fels-Naptha soap in lukewarm water. Fels-Naptha makes them white and that kind of washing doesn't wear them out nearly so fast."

Leaning over a steaming washtub is a fine way to ruin the complexion. Heat and steam redden and inflame the face. Then a touch of cold air will roughen and chap the skin.

That is one of the many reasons why thinking women prefer to wash clothes with Fels-Naptha soap in lukewarm water.

It saves the hands and face from harm.

It saves the danger of taking cold in Winter, because you don't need to have your kitchen or laundry full of steam like a Turkish bath.

It saves fuel; you don't need an over-hot fire.

It saves the clothes, because there is no boiling to weaken them and no hard-rubbing to wear them into holes before their time.

Isn't all that worth while?

Yes, you'll say, if it will make the clothes clean.

Just try it. They'll be cleaner, sweeter, whiter than you could get them any other way. And Fels-Naptha is just as effective with flannels, woolens, colored clothes.

Be sure to get the genuine Fels-Naptha and follow directions on the red and green wrapper.

## Lydia E. Pinkham's Vegetable Compound Cured Her

Knoxville, Iowa. — "I suffered with pains low down in my right side for a year or more and was so weak and nervous that I could not do my work. I wrote to Mrs. Pinkham and took Lydia E. Pinkham's Vegetable Compound and Liver Pills, and am glad to say that your medicines and kind letters of directions have done more for me than anything else and I had the best physicians here. I can do my work and rest well at night. I believe there is nothing like the Pinkham remedies." — Mrs. CLARA FRANKS, R. F. D., No. 3, Knoxville, Iowa.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it. It is free and always helpful.

## Thousands Have Kidney Trouble and Never Suspect It.

### How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Skin Diseases Readily Cured By a Simple Home Treatment.

Persons who are suffering from blackheads, pimples, dandruff, eczema, tetter, ring-worm, or any form of skin disease, often ask the question "is there a cure?"

Mr. A. J. Pellens, the druggist, says, "yes, there is a cure." ZEMO, a scientific, clean, liquid preparation for external use, gives prompt relief and permanently cures every form of skin and scalp disease. ZEMO draws the germ life and poisons from underneath the skin to the surface and destroys them and in this way affects a complete cure of any form of skin or scalp disease, whether on infants or grown persons. Mr. Pellens will show you proof of many remarkable cures made by ZEMO and will gladly explain to you how you can be cured by this clean, simple home treatment.

Dire distress, diabetes, Bright's disease.

Profit by a Seymour citizen's experience.

Mrs. John Owens, of 426 Jackson St., Seymour, Ind., says: "I know of a great many people who recommend Doan's Kidney Pills very highly. I used them several years ago for pains in the back and loins accompanied by severe headaches. My kidneys were out of order, the passages of the secretions being so frequent at night as to greatly break my rest. I learned of Doan's Kidney Pills, procured a box at Milhous' drug store and took them according to directions and was soon cured. I gave a statement to this effect in August 1899 and now in August 1906, can confirm what I then said as the cure has proven to be a permanent one."

## STRIKES BLOW AT POOLROOM

Governor Marshall Takes Drastic Action.

### AN INJUNCTION AND RECEIVER

In Circuit Court at Jeffersonville, the Power of the State Was Employed to Put a Stop to the Operation of a Poolroom on Indiana Soil—Telephone Company Which Had Been Transmitting Racing News Was Served With a Restraining Order and a Receiver Named to Take Over Its Business.

Jeffersonville, Ind., Feb. 4.—On the request of Governor Thomas R. Marshall, Judge Montgomery of the Clark county circuit court, granted a restraining order against the Cumberland Telephone and Telegraph company, Edward Alvey et al., to prevent the operation of a poolroom at the ball park here. The poolroom has been in operation some time and has been patronized almost wholly by Louisville people. The racing service, it is charged, was furnished by the telephone company. The papers were at once put into the hands of the sheriff for service.

The complaint also asked for the appointment of a receiver for defendants' property in the state, and William H. Newkirk, a printer, was named by the court.

This is the first time in the history of the state that the civil authorities have been asked by the state government to declare a poolroom a nuisance and subject to the general laws concerning nuisances.

The injunction prayed for is a sweeping one. If granted permanently it will prevent the Cumberland concern from supplying information of any races to the poolroom, will prevent the owner of the ball park from further permitting his property to be used for gambling purposes, and will keep the remaining defendants from using the paraphernalia in the poolroom for gambling purposes.

### TALKING THINGS OVER

Democratic Editors Get Together in Conference at Indianapolis.

Indianapolis, Feb. 4.—The midwinter meeting of the Indiana Democratic Editorial association is being held today at the Denison hotel. The morning was given over to the business affairs of the association, several papers of general interest to the publishers bringing out a lively discussion. J. O. Behrmer of Tipton presented a paper on "How to Keep Down Expenses"; Charles J. Arnold of Greencastle on "How to Get and Hold Circulation," and A. D. Moffatt of Elwood on "Conferences of Proprietors and Employees." Officers are being elected this afternoon.

The annual banquet of the association at the Denison last evening was largely attended. Frank D. Helmbaugh of Muncie was toastmaster. The editors gave an enthusiastic reception to Governor Marshall, who made a brief address, which was warmly applauded. Clay W. Metsker, first vice president, spoke for the association and State Superintendent Aley responded to the toast "Education and Democracy." U. S. Jackson, chairman of the state Democratic committee, was on for a toast to "The State Committee," but illness in his family prevented his attendance. There were several entertaining impromptu speeches.

### DARK HORSE ELECTED

Edwin Lee of Lawrenceburg to Lead Indiana Republicans.

Indianapolis, Feb. 4.—The newly elected members of the Republican state central committee met late yesterday afternoon and for four hours the selection of a chairman was under consideration.

Edwin Lee, former mayor of Lawrenceburg, was elected. Henry W. Bennett, the first choice of the committee, declined earlier in the day to accept the chairmanship and was chosen vice chairman. John F. Hayes, private secretary to Senator Beveridge, was selected as secretary, and Frank E. Stalnaker of Indianapolis was re-elected treasurer.

A dinner was given at the Columbia club last night by Senator Beveridge for the retiring members of the state committee and the incoming members, and for James P. Goodrich, the retiring state chairman, and the new state chairman.

### Police Are Investigating.

Princeton, Ind., Feb. 4.—Residents of Lyles station, a colored settlement four miles west of here, are wrought up over what seems to have been an attempt to assassinate William Bell, a negro merchant. A small bomb, believed to contain nitroglycerine, was placed partly concealed in a private pathway over which Bell passed on his way to his store. It is a small cylinder, apparently arranged so that the slightest concussion would touch it off. Bell barely avoided striking it with his foot. The police are investigating.

TOM WATSON PAYS HIS RESPECTS TO CARNEGIE

THOMAS E. WATSON.

Populist leader's mildest terms of opprobrium for the Laird of Skibbo, whom he charges with defaming the Scots, are "ass" and "despicable creature."

## SAYS THAT CARNEGIE DEFAMED THE SCOTCH

Tom Watson Comes Back at the Iron Master.

Atlanta, Ga., Feb. 4.—Because Andrew Carnegie recently stated in an address before the Armstrong association that the "lowest negro of the south is more advanced than were his (Carnegie's) ancestors in Scotland 200 years ago," Thomas Watson, the Populist leader, denounces the Iron master as a "despicable creature," an "ass," and a defamer of the Scotch. "Everybody knows," said Watson, "how Carnegie got his money, his relations with the controlling powers of this government, his social equality practices, his donations to coon colleges, and every intelligent man knows that in saying what he did about the Scotch he lied, and in blaming the Afro-Americans and the Ogdens of the north, he despicably lowered himself; at the same time he insulted—flagrantly, grossly, infamously—every man that has in his veins the blood of old Scotland."

Watson then reviews the story of Scotland, naming long lists of her great men and women who lived from two to four centuries ago, and said: "Why insult the descendants of those people by comparing them to the brutish, thick-skulled negro?"

"I find myself marvelling past all power of expression that any Scotman could be as enough to say what Carnegie said."

"Compare the nigger to this wonderful race. Such nauseating talk to the black people is not only an intolerable affront to the whites, but an injury to the negroes themselves."

### Will Vote on It Again.

Springfield, Ill., Feb. 4.—The question of saloons will be voted on in many cities and towns in Illinois at the spring election this year. The anti-saloon people, who were defeated by a vote of 4,000 to 2,000 in Springfield two years ago, have filed with the election commissioners their petition for a resubmission of the question at the city election in April.

### Further Indictments Expected.

Crown Point, Ind., Feb. 4.—The grand jury which for the last two weeks has been hearing evidence on the "blind tiger" situation at Gary, has returned forty-two indictments against alleged illicit traffickers of liquor. The investigations will continue and several more indictments are expected.
